RequestDesc: Thanks for sharing this glimpse into the life of our g grandfather
Cal.

I will correct the information about Cal's wife Lucy Bell's surviving Cal. Lucy
died in a house fire after her starched apron caught fire which caused her death.
There is an article from the Ft. Smith news paper about the fire. Laura Lee
has that article which mom Whitson saved. The article was found after Mom's
death. Cal later married Millie Stroud. Milly was reportedly dropped off on Cal
after Lucy's death. Dad, Harry Whitson, told the story that Milly poisoned Cal
with spoiled bologni.

Census records show that Cal and two of his brothers worked in Greyson Co. Texas
as law men after their released from the Civil War.

My sister-in-law, Mildred Whitson, has talked to old friends of the Whitson
family and may tell you more Whitson stories.

Thanks for sharing your sight.
